### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Lindsay Adams on December 7, 2005. The purpose of the amendment was to better define the invention and bring the claims into condition for allowance.

The application has been amended as follows:

Claims 14-57, 60 and 61 have been canceled.

In claim 1, on line 10, "the" before "at least one" has been deleted.

In claim 1, on line 10, "the" before "neck" has been replaced by -- a --.

In claim 1, on line 11, "the" before "shoulder" has been replaced by -- a --.

In claim 1, on line 11, "a" at the end of the line has been replaced by -- the --.

In claim 1, on line 12, "at which " has been replaced by -- wherein the first predetermined distance and the second predetermined distance are different, and the positioning member further includes a lower tier that supports --.

In claim 1, on line 13, "does" has been replaced by -- of the fabric thereby --.

In claim 1, on line 13, "hinder the " has been replaced by -- hindering --.

In claim 59, on line 13, "at which" has been replaced by -- wherein the first predetermined distance and the second predetermined distance are different, the positioning portion further including a lower tier that supports --.

In claim 59, on line 13, "portion does" has been replaced by -- portions of the fabric thereby --.

In claim 59, on line 13, "hinder the" has been replaced by -- hindering --.

The following is an examiner's statement of reasons for allowance: The prior art does not teach or render obvious an inkjet type fabric printing apparatus as claimed, particularly including a platen that holds the fabric at a first predetermined distance from the inkjet head and a positioning member on which the fabric is set which has a lower tier that supports a portion of the fabric at a second predetermined distance from the inkjet head, different from the first predetermined distance, such that the movement of the inkjet head is not hindered.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jill E. Culler whose telephone number is (571) 272-2159. The examiner can normally be reached on M-Th 9:00-6:00.
